

Alternative Learning Provision & NEET Support

Programme Overview

At Career Seekers Direct, we provide tailored Alternative Learning Provision (ALP) for young people who may not thrive in traditional classroom settings. Our programmes are designed to re-engage learners, build confidence, and develop practical skills that open pathways to education, training, or employment.

We also offer dedicated support for young people who are Not in Education, Employment or Training (NEET), helping them identify their strengths, explore opportunities, and take positive steps towards their future. Through personalised guidance, vocational workshops, and employability training, we ensure every young person has the support they need to progress and succeed.

Programme Format, Location & Pricing

Each course includes 6 one-day sessions

Sessions can be completed together or spread across multiple days

Delivery available on your premises or at an external venue

Suitable for small groups of learners
